

EM

Not all, here we move at the speed  
of heart's will. We navigate within  
codes within the light. Close your  
eyes to see the memory banks...

EM takes her hand causing her EYES to CLOSE. DARKNESS FADES  
IN. She sees HERSELF moving in the WOOD REALM whispering in  
the ears of the CONNECTED LOVERS. A TRAIL of LIGHT FROM HER  
leads to COLLA in her chair RELEASING stuck emotions.

eyes every time you look up to peer  
through at us... the brighter you  
shine, the greater we see.

The EARTH and the continents FADE TO **450-500 million years ago**. They're in a BEAUTIFUL ORB with other ORBS IN SKY.

EM (V.O.)

You're starting to see us for who  
we truly are... You're remembering
